Corporate Social Responsibility (CSR) and sustainability strategies are established as important elements of entrepreneurial action. Many CSR activities can only be implemented with support from civil society partners.

The Corporate Cooperation department of Don Bosco Mondo e.V. develops tailor-made solutions for businesses, ranging from exposure and dialogue programmes to collaborative partnerships in vocational education and training (TVET) to strategic partnerships. Together, we train the skilled workforce of tomorrow and actively contribute to sustainability.

Interested?

- Are you expanding your business activities?
- Do you wish to make an active contribution to youth development?
- Would you like to address the skills shortage?

We are your experienced and competent partner for all activities related to market entry and expansion in developing countries and emerging markets worldwide.

Don Bosco Mondo e.V. is committed to supporting disadvantaged youth worldwide. Our aim is to fight poverty through education and encourage development. Vocational education and training are the central pillars of our actions: from short-term training courses to state-accredited trainings up to university level.

Our local partners are the Salesians of Don Bosco and the Salesian Sisters of Don Bosco who support disadvantaged and marginalized children and adolescents in more than 130 countries around the world.

Our Portfolio

- Cooperative partnerships in vocational education and training (TVET)
- Implementation of elements of the Dual System
- Consulting: from the first contact to permanent quality assurance
- Expertise in Public Funding
- Project development, implementation and evaluation
- Development of sustainable CSR activities
