Experts in Vocational Training – worldwide.

Corporate Cooperations -
We are looking for Partners in
Education

DON BOSCO MONDO
JUGEND • HILFE • WELTWEIT

Our Mission

Don Bosco Mondo offers young people at the margins of society new chances. Our means are education and vocational training, because education is the key to development. Don Bosco Mondo combines knowledge and professional skills with „life skills“ and well-directed encouragement of talents.

Focus Corporate Cooperations

Vocational training needs close relationships with companies. It is all about precise training needs, programmes being closely concerned with practise, internships and successful job placement.

Individually shaped cooperations with companies have multiple uses: to train skilled workers and to give young people a chance. Don Bosco Mondo offer partner-projects worldwide and supports companies in their corporate citizenship and corporate social responsibility engagement.

We have an experienced team in Bonn as well as Don Bosco Partners in 132 countries and we are part of a circle of experts. That helps us to develop tailor-made offers for our cooperation partners.

A Strong Partner: Don Bosco Tech India

- A network of 176 vocational training centres in India
- Presence in 25 Indian Federal States
- Second largest supplier of vocational training in India (second to the State Of India)
- Training year 2010/ 2011: more than 50.000 young people were educated (job placement rate: 85 – 95%)
- Partner of the federal programme „Skill India“
- Wide range of non-formal short-term-courses, ITI Trainings, College Education, Technical University Studies
- Collaboration with local industry

Local partners:

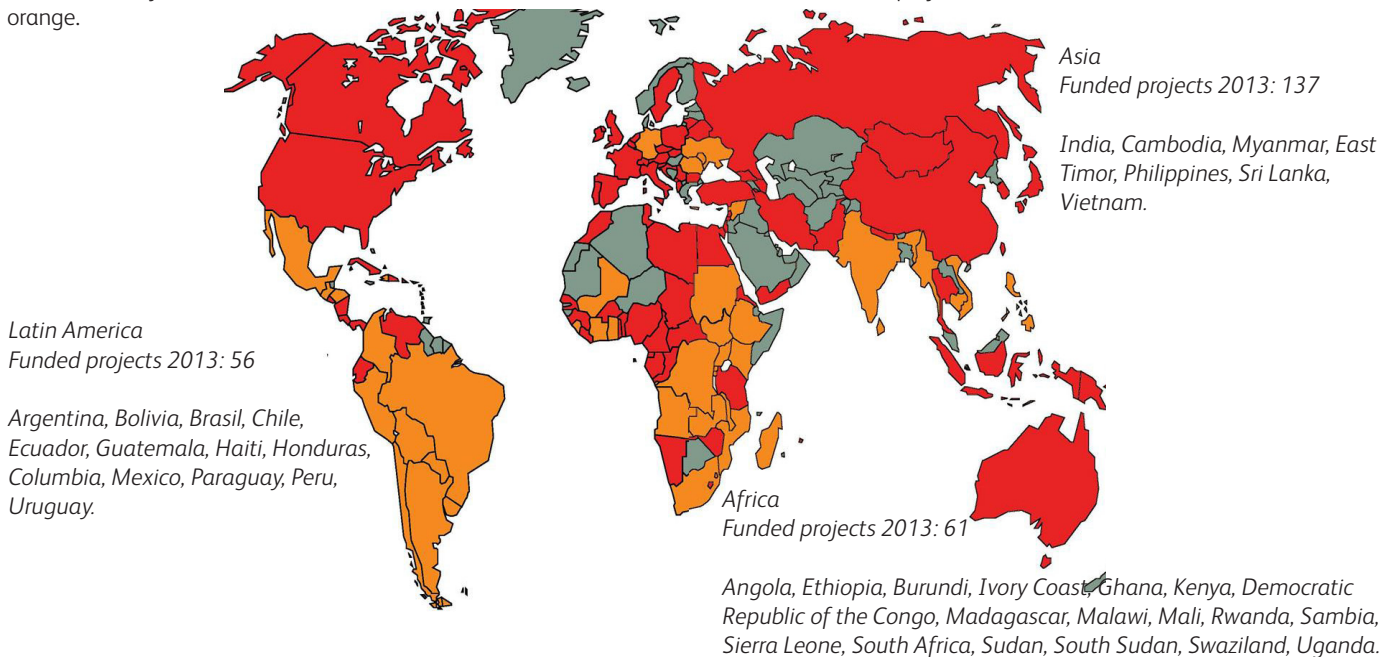

Salesians of Don Boscós and their Institutions for International Youth and Development Work

- 1.156 Youth and Advisory Centres
- 446 Primary Schools
- 693 Secondary Schools
- 547 Vocational Training Centres
- 249 Technical Vocational Schools
- 62 Colleges / Universities

Support in 132 countries worldwide independent of gender, religion and ethnical affiliation.

Don Bosco Project Countries

Nota bene: Project countries of the Salesians of Don Boscós in red, active Don Bosco Mondo project countries in orange.

GROHE-Chief Human resources Officer Michael Mager with trainees at GROHE JAL ACADEMY

An example of Corporate Cooperation: GROHE JAL ACADEMY

A Training Workshop for Competencies in Water.

GROHE JAL ACADEMY in Mumbai /India is the living proof for social commitment and economical interest going hand in hand. A win-win-situation which is singular in the Indian sanitarian industry.

A Unique Approach.

GROHE JAL ACADEMY offers young people a job training as a fitter and a certified attestation thereof. Beyond that it teaches water know how from well construction to sewage treatment.

Benefits for all Sides.

GROHE, brand name bathroom fixtures, benefits from young, well trained crafts-people: In India there are not enough qualified fitters who could handle the high-class GROHE-products. The trainees have an excellent start for their professional career.

An Experienced Partner.

To implement projects like these, GROHE commissioned an experienced partner: the registered association Don Bosco Mondo.
